GENERAL ENROLLMENT INFORMATION

How do I enroll?

Enrolling is easy. You will find a *Tuition Payment Contract* and *Application for Admission* in the back of this brochure. Simply fill out the Application Form, listing the courses. Please mail the Forms to us with your payment. You may also enroll online, by telephone or by FAX, if you are paying by credit card.

Send copies of transcripts with the Application and Tuition Payment Contract Forms and payment.

PROGRAM FEES

The basic fees for enrollment can be found on the *Tuition Payment Contract*.

NEW FAMILY APPLICATION FEE: Every family that is new to Seton or has gone more than 24 months without having a child enrolled must pay the New Family Application FEE. It must be paid by any new family whether enrolling in single course or a full program. You need never pay this fee again as long as you keep a child enrolled with us.

PROGRAM FEES: The Program Fee chart on the Tuition Contract gives the current prices for full programs in grades 1-12, which include all textbooks, workbooks, lesson plans, counseling, tests, grading, and shipping and handling. All materials, including lesson plans are yours to keep.

A full program for high school includes up to six courses or six credits. You may choose to take more courses, but these extra courses will be charged at our regular single course rates.

SINGLE COURSE FEES: A single course fee pays for all textbooks, workbooks, and lesson plans, tests, counseling, tuition, and shipping. Just as with the full enrollments, the lesson plans and materials are yours to keep.

COMMONLY ASKED QUESTIONS

May we receive a discount if we do our own grading?

No. We feel very strongly that the assistance we provide your family with our counseling, our grading, and our record keeping is so valuable that we would be doing our families a disservice not to make those services part of our package price.

Are there discounts if I enroll several children in the program?

Seton has a multi-child discount built into our price structure for full enrollments. This discount applies only to children enrolled simultaneously.

If we already have some of the books, will we receive a discount?

We can give you a discount for some of the books that you already own if arrangements are made prior to shipment. You will need to provide us with the titles and copyright dates of your books before we can tell you whether a discount is available.

AUSTRALIAN ENROLLMENTS

Please note that ALL Australian Enrollments for grades Kindergarten through 8th grade are to go through Patricia (Pat) Mills, our Australian distributor. Please contact her with any questions and pricing regarding enrollment for those grades. All high school enrollments for Australia must be sent directly to Seton Home Study at our US office. In that case, the fees in this brochure apply.

International Tuition Payment Contract

Before the Seton curriculum can be shipped, this Contract and the attached Application For Admission must be completed, signed and returned along with proper payment by check, money order or MasterCard, Visa or Discover. All payments must be in U.S. funds.

Multi-child discounts are built in to our price schedule. However, any additional children enrolled at a later date will not be considered additional children on this Contract, and will not receive the multi-child discount.

Any Family that has never used the Seton Program or has not used it within the last 24 months must pay the **NEW FAMILY APPLICATION FEE**. This fee must be paid whether enrolling in a single course or a full program.

I agree to abide by the policies set forth in this Tuition Payment Contract and in the accompanying application for enrollment.
