Science 3 for Young Catholics

Health 3 for Young Catholics

FIRST QUARTER

**SCIENCE 3** LESSON PLAN**Week One****Day 1****PARENT:**

With your child, please look at and read the following sections of the text-workbook *Science 3 for Young Catholics*: the front and back covers, the inside title page, the back of the title page, the dedication page, the table of contents, and the unit introductions. Also an answer key has been provided separately. Skim through the entire book with your child, noticing the format for each chapter. Peruse a few of the end-of-chapter activities.

If possible, take turns with your child reading each paragraph in the chapters as you both proceed through the book.

The assignments will cover only four days a week.

UNIT 1. EARTH SCIENCE**Chapter 1. The Scientific Method**

It is up to you, the parent, to decide how much or how little you think is best for your student on a daily basis. Please give your child the following assignments, adjusted as you think best.

You can check off work
as you complete it!

In *Science 3 for Young Catholics*, read and discuss the **Unit 1 Earth Science Introduction**.

☐

Then read and discuss the **Scientific Method in Chapter 1**, from p. 2 through the top of p. 4.
